TV 41

TV 41 is a chamber vacuum sealer designed for daily professional use, ideal for those seeking reliability, simplicity and continuous operation.

The 12 m³/h vacuum pump ensures a high vacuum level and consistent performance over time.

The large vacuum chamber, shared with TV 41 Turbo, allows packaging of larger products or multiple items in the same cycle. The option to install a second sealing bar further increases productivity according to specific needs.

TV 41: DESIGNED FOR DAILY USE

TV 41 is a chamber vacuum sealer designed for everyday use, offering a well-balanced combination of performance and ease of use.

The 20 customizable programs allow precise adjustment of working parameters while also enabling process standardization, ensuring consistent results even when operated by less experienced staff.

TRADITIONAL VACUUM OR MODIFIED ATMOSPHERE

TV 41 features inert gas (MAP) packaging, which can be used when needed for delicate products or specific presentation requirements.

Operation is simple and immediate: the function can be activated or excluded, allowing quick switching between modified atmosphere packaging and traditional vacuum.

RELIABILITY AND BUILD QUALITY

TV 41 is designed to ensure durability and reliability in daily and continuous use.
The AISI 304 stainless steel structure guarantees resistance, hygiene and easy cleaning, essential features in professional environments.

The machine is manufactured in Italy using selected components, including an Italian-made oil-lubricated vacuum pump designed to ensure stable and long-lasting performance.

WHEN TO CHOOSE TV 41

TV 41 is recommended for those looking for a reliable, easy-to-use chamber vacuum sealer capable of handling demanding daily workloads.
It is ideal for restaurants, catering services and food laboratories.

SEE ALSO

TV 41 Turbo - same structure, with 20 m³/h pump and advanced functions for higher speed and productivity

TV 46 - higher performance and larger capacity, closest solution to industrial machines

TV 31 - more compact and cost-effective version, ideal for lower production volumes

Technical Specifications	
Model	TV 41
Sealing bar	1 x 41 cm (standard) 2 x 41 cm (double sealing bar)
Max external dimensions	53,5 x 59,8 x 43,6 (h) cm
Weight	64 kg
Inert gas flushing for MAP	activated via display, 2 nozzles (standard) 2 + 2 nozzles (double sealing bar)
Pump	12 m³/h
Second sealing bar	optional
Number of programs	20
Tecla Chef Assistant Pro	n/a
Jar vacuum	yes
Automatic oil dehumidification	yes
Max chamber dimensions	44 x 44,8 x 17 (h) cm
Voltage	220-240 V / 50-60 Hz
Max power consumption	550 W
Compliance	CE
EAN	8055954800451
