

Vacuum Box System

Gastronorm GM vacuum boxes: the complete system for preserving foodstuff in the **restaurant and catering** business.

Stainless steel containers and lids, silicon gaskets and valves. **Tecla**: only **high quality**.

The **Vacuum Box System** is used to **vacuum-preserve** all **foodstuffs wich cannot be crushed**, so they would limit greatly the use of traditional vacuum-preservation in the restaurant and catering business.

Using **Gastronorm vacuum boxes** by **Tecla**, you can withdraw a portion of food from the container and then **restore the vacuum**, **without replace the container** or transfer the food anywhere.

Vacuum Box System-suitable machines produced by **Tecla** fit **powerful** and strong **vacuum pumps**, so they are always working and **make vacuum quickly** and **efficiently**.

Size Vacuum Box (**gastronorm**)

1/1 HEIGHT	100 mm
1/1 HEIGHT	150 mm
1/2 HEIGHT	100 mm
1/2 HEIGHT	150 mm
